

## Additional refrigerant charge

The additional charge is based on the diameter and length of outlet/inlet liquid type.  
This AC has been charged with that for 5m pipe, those beyond 5m should recharge as follows.

Liquid pipe diameter	12/18/24K	30/36/42/48/55K
Additional charge for 1m pipe(R32)	0.020kg	0.040kg
